

Round table discussion on topic "Gender equality"

Mustafoeva Durdoni Asilovna, Senior Lecturer of the Department of Pedagogy, Psychology and Teaching Methods organized a round table discussion with 1st year students of the Faculty of Hydromelioration in student dormitory No. 3. The purpose of the round table is to clarify the basic concept and principles of gender equality. The gender strategy aims to create the right relationship between women and men, without humiliation and violence in society on the basis of gender. She also noted that it is necessary to continue to work on the formation in the public consciousness of social equality of men and women in all spheres of public life, the elimination of gender stereotypes associated with the idea of superiority and domination of one over another.
