

## Ascent begins with patriotism

One of the factors that determine the power of a state is its military strength and equipment; the second factor is the existence of a capable, knowledgeable generation. One of the important factors is to know the nature of each technique, to get acquainted with the characteristic especially for youth generation. It is possible to have knowledge of the definitions and descriptions that are relevant to a particular military technique, but without the skills to use it, this action is illogical and meaningless.

In order to implement the Decree of the President of the Republic of Uzbekistan dated January 14, 2020 № D-5529 "On the celebration of the 28th anniversary of the Armed Forces of the Republic of Uzbekistan and the Day of Defenders of the Motherland". It is no secret that spiritual and enlightenment events were organized in the cities on the theme "Patriotism - Guarantee of National Rise".

Students alternately photographed near TAYFUN K - 53949, weighing 15 tons, 6370mm and 2843mm, designed for light armored vehicles, mine guards and other patrol patrols, personnel handling and other special tasks. The car platform is designed to carry cargo and lounges on all types of roads and off-road areas. Students did not forget to take a picture on a floating VTR-80 armored carrier. They also learned that the 60mm RR-93 was designed to inflict force and fire on the enemy in closed positions, behind the altitude, and in shelters in the woods.

On the platform in front of the main building of the Institute, military exercises of military personnel of the Ministry of Defense of the Republic of Uzbekistan and the National Guard were shown. It is not pleasant and honorable to say that special motorcycle riders and cavalry spill over on bred horses. The second part of the event began in the afternoon. The magnificent and modernly renovated hall of the Institute invited distinguished guests, war and labor veterans.

The event was opened by the rector of the Institute, Professor Umurzakov Uktam Pardaevich. Then a group of veterans and teachers of the military department were awarded with memorable gifts according to the special order of the rector of the institute. Then Rustam Sultanov, one of the veterans' council leaders, was given the floor. They sincerely congratulated all defenders of the homeland. It is not an exaggeration to say that General Abdullajon Artykbaev's greetings of the 95-year-old war veteran in front of the microphone were exceptional in their prayers.

At the end of the event, the Deputy Chief of the National Guard, Umid Hasanov, thanked the rector of our institute for his help in organizing the event and handed over the gratitude. It should be noted that the pro-rector's initiative and youth approach was evident at this year's event.
