

Enthusiasm of Competition

On March 14, 2019, the World Water Day contest has come to an end. The competition for video clips and presentations and a contest of techno-exhibition competitions for students registered in the first half of the day were organized. These competitions were reviewed and evaluated by the judges.

In the second half of the day, the winners of the 5-stage competition were handed over memorable gifts and diplomas. The event was opened by the rector of our institute Uktam Pardaeovich Umurzakov. Then Deputy Minister of Water Resources of the Republic of Uzbekistan Akmal Mirzaev, Head of the Delegation of the European Union to Uzbekistan Ambassador Eduard Stiprays and Head of the UNDP Sustainable Development Cluster in Uzbekistan Khurshid Rustamov made a speech.

Sherzod Sharipov, the moderator of the contest, made a presentation of the winners of the first place in the nominations. At the end of the event, organizers of the contest received souvenirs and certificates of honor for the winners of the 5th-stage competition. The winners of the 1st place were awarded with Notebooks, Printers, the 2nd prize winners were awarded with Smartphones, and the 3rd place winners were awarded with hard drives (terabytes).

Great gratitude was expressed to the management of the institute, all participants, especially to a Vice Rector Sultanov Tokhir Zakirovich for his initiative and organization. Become more active in the next competitions and take the place among the winners.

R.Jumaniyozov, the press secretary of the institute
