

Conversation with the teachers of our institute

A familiarization tour of the institute was organized for guests and students of the Karshi branch of the Engineering and Technology Institute and the Namangan Engineering and Technology Institute who arrived at the "World Water Day" competition.

In the afternoon, a round-table discussion took place in the international conference hall with the participation of the Vice-Rector for Research and Innovation, Doctor of Technical Sciences, Professor Sultanov T.Z. and academician of the Turon International Academy of Sciences, associate professor R. Dzhumaniyazov.

After the conversation, the guests got acquainted with the activities of the primary organization of the Institute's Youth Union. They were accompanied by active students and undergraduates. The invited students also received instructions on how to save water.
