

The author of the text of the anthem is a criterion of eternity

History also honors children who love their country and serve it for its development and prosperity. The names of the people who fought for the peaceful, prosperous and stable life of our people, for a bright future, rightly belong to eternity. Today, a group of professors and talented students of the Faculty of Land Management gathered at the Alley of Writers in front of the statue of the great Uzbek writer Abdulla Aripov.

Beloved writer, the hero of Uzbekistan, People's Poet of Uzbekistan, author of the text of the National Anthem of Uzbekistan Abdulla Aripov once again recalled his creative and life activities. The event also highlighted Abdulla Aripov's interpretation of freedom of the soul in poetry, his passionate and caring mentorship, and his artistic and journalistic works. Dean of the Faculty Sh.Narbaev noted that the poet's artistic interpretation of life and people, society, and nature, combined with his work, testified to the high maturity of the poet. Whether she creates the image of a mother, a lyrical heroine loyal to her first love, sings about Uzbekistan, writes poems about the world and people, she stays true to the realities of life and the artistic truth everywhere. In his poems, it is felt that philosophical observations are becoming more and more profound. Abdulla Aripov is a unique talent. Deep philosophical, national pride, rebellious spirit, religious-moral depth form the basis of the poet's poetry. It should be noted that Abdulla Aripov's personality and sharp poetry have played an unprecedented role in the struggle for national awakening, freedom, and independence of the Uzbek people.

Especially the children who went to school yesterday as the authors of the text of the National Anthem of Uzbekistan, say that the word is the poem of Abdulla Aripov, the music of Mutal Burhanov. His works still enrich Uzbek poetry. Participants of the event read samples of poems by Abdulla Aripov, glorifying spring, and the beauty of our Motherland. Well-known poet, Abdulla Aripov is an Uzbek poet and public figure. Abdulla Aripov's work is one of the brightest pages of modern Uzbek literature, - said the head of the department "Land use" A. Bobojonov. In fact, if we say that his poems analyze the deeply spiritual world of man and the history of the people, we are telling the same truth. With the initiatives of our esteemed President, great changes have taken place in our country. One of these changes is this beautiful Alley of Writers. Today, this beautiful place was visited not only by the statue of Abdulla Aripov but also by a number of famous poets, including Erkin Vahidov, Gafur Gulam, Said Ahmad, Muhammad Yusuf. The purpose of our gathering in this beautiful place is to emphasize once again that the creative heritage of our poets is a unique school in educating the younger generation in the spirit of love and devotion to the Fatherland, national and universal values.
