

## The next online meeting of the Erasmus + DSinGIS project

The next online management meeting of the Erasmus + project "DSinGIS: Doctoral Studies in Geoinformatics" was held on August 11 on the Zoom platform. The meeting was attended by project partners in Hungary, Austria, Germany, and Uzbekistan (TIIAME, UZNU, WWU, TAI, SamSAI). The meeting was chaired by Project Coordinator Lorant Foldvary.

The following issues were discussed at the meeting:

- WR1. Project management (external audit, financial statements);
- WR3. Creation of educational materials (level of preparation for teaching and learning);
- WR4. Formation of educational infrastructure (tender for the purchase of equipment for the Joint Research Center, the center's charter and business model);
- WR5. Glossary of geophysical terms (harmonization plan and approval process);
- WR6. Professional development (PhC students studying in Europe, Summer School of Geoinformatics);
- WR7. Traditional scientific conferences (final monitoring meeting of the project and GI 2020 International Conference);
- WR9. Project distribution and use of results (preparation of articles for NEO magazine) and various other issues.

The meeting was attended by TIIAME National Project Coordinator in Uzbekistan, Basic Doctoral Student Ilhom Abdurahmanov and National Project Manager in Uzbekistan, Head of Innovation and Research Cluster Mamanbek Reimov. As part of the project, by the end of 2020, it is planned to purchase equipment worth 115,000 euros for the Joint Research Center for Geoinformatics, which will be established at TIIAMEI for all project partners in Uzbekistan. Detailed information about the project can be found on the official website of the project: [www.dsingis.eu](http://www.dsingis.eu)
