

Modernization of higher education in Uzbekistan

A seminar-training in collaboration with the World Bank of the Ministry of Higher and Secondary Specialized Education was organized to raise awareness of students of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers in the framework of the project "Modernization of higher education in Uzbekistan" on the results of the project, teachers and employees of industrial enterprises of the institute.

The seminar focuses on improving the skills of highly educated specialists in the field of technology, establishing close cooperation with production and higher education institutions, identifying the best projects to expand opportunities in higher education.
