

"Corruption is the enemy of development"

On December 14, 2020, Karshi branch of Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, together with the Internal Affairs Directorate of Kashkadarya region, held a spiritual and educational event on the topic "Corruption is the enemy of development." The event was attended by Lieutenant Colonel Zh. Khushvaktov, head of the Department for Combating Corruption and Economic Crimes of Kashkadarya Regional Internal Affairs Directorate, and Captain Sh. Goziev, the operational representative of the Department for Combating Corruption and Economic Crimes of Kashkadarya Region. The event was moderated by H. Ravshanov, Deputy Director for Research and Innovation. At the end of the event, Kh. Ravshanov noted that in connection with the great attention paid by the President and the Government to the higher education system, today the key problem is the need to transform the higher education system into a system free from corruption.
