

"The World Earth Day" competition

Today in our institute "Our land, our future" competition on the paintings and innovative exhibitions of talented youth began its work. It is dedicated to "April 22 - World Earth Day". Events and competitions dedicated to this day are held annually in our country. In this regard, on April 15-17, 2021 at our institute will be held competitions among talented youth under the motto "Our land, our future", organized by the Faculty of "Land Management".

Today is the first day of these contests. Exhibitions of paintings and innovative developments on the theme "Earth is the one home" were presented by talented students of our institute. Despite the fact that it was the first day of the competition, creative, enterprising, knowledge-seeking students from each faculty actively participated with an exhibition of their creative work, photographs, innovative developments, the results of which were appreciated by members of the jury.

Representatives of enterprises and organizations in the field, Vice-Rector for Research and Innovation T.Z Sultanov, heads of departments and activists of the Youth Union attended at the event. Details of the contest were covered by Uzteleradiokompaniya's Yoshlar TV channel. The competitions will take place on April 16 and 17. On April 16 there will be an intellectual game on the theme "Earth is the source of wealth of society", on April 17 there will be a competition of videos on the theme "Let's save the earth as it really is". Good luck to all contestants!
