

Conversation with students living in rented apartments

On April 16, 2021, the curator of the group 201 G. Kholmurodova and the deputy deans of the Faculty of Organization and Management of Water Resources of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers studied the living conditions of students living in a rented apartment in Chilanzar district 18. They talked with the chairman of the maKhalla U. Rasulov, the senior inspector for prevention, Major Zh. Mukhammedov, and the owner of the apartment. During the conversation, the students were reminded once again that they strictly follow the rules of conduct, sanitation, hygiene and safety.
