

## Employment of graduates in specialty fields

On April 16, 2021, at the Faculty of Organization and Management of Water Resources, employees of JSCB "Agrobank" had a conversation on employment issues with 4th course students. They listed the requirements for admission to work at the JSCB "Agrobank". As a result, 14 students who applied for a job filled out special questionnaires. They will be invited to the bank for special recruitment tests and interviews. Employees of JSCB "Agrobank" said that the bank has the opportunity to undergo training at a special course before being hired. All training costs are covered by the bank.

JSCB "Agrobank" is one of the largest banks in the country and interested in the selection of highly educated, creative employees. Bank representatives said they are always ready to conduct interviews, especially with those who want to work in the regions.
