

## Scientific Olympiads

The II stage of the republican Olympiad has started. In particular, the II stage of the Republican Olympiad of students of the specialty "State cadastres" was held on May 15-16. The opening ceremony of the Olympiad was held on May 15. The tests have started. Participants from six HEIs from all regions of the country participated.

The second stage of the Republican Olympiad was organized at a high level. In the second half of the day tests were held on the first two types of Olympiad.

Dinners were organized in the canteen of the institute for the students and their scientific supervisors.

At the end of the first day of the Olympiad, a cultural event was organized and all participants visited the Music and Drama Theater named after Mukimi.

On May 16, students competed in two types of science, namely, their knowledge and skills on the terms of writing and practical tasks.

At the end of the tests, the members of the jury reviewed the results of the 4 rounds and the winners were determined.

- 1 Alimbayev Joldas TIAME Ismonov Shukrillokhan , the assistant of the department of "State cadastres".
- 2 Akhmedova Madina Samarkand State Institute Architecture and Construction Jurakulov Doniyor Ochilovich Head of the department "Cadastre of buildings and constructions" Ph.D. docent
- 3 Jurayev Kurban Bukhara branch of TIAME Khamidov Fayzullo Ramazonovich Associate Professor of "Land Management and Land Cadastre" department

T.Z.Sultanov, Vice Rector for Scientific Research and Innovation, announced the results and presented a memorable present with their awards.

Stating that the Olympics were over, they wished all of them luck and success.
