

"Dean's Cup"

Today, the Republic of Uzbekistan pays great attention to the development of sports and increasing the competitiveness of young athletes at the international level, the training of athletes with high physical potential. The second of 5 important initiatives is aimed specifically at the physical development of young people, creating the necessary conditions for the manifestation of their abilities in sports.

On October 15, 2021, on the initiative of the Dean of the Faculty of Land Management Sh. Narbaev, Deputy Dean for Youth Affairs H. Eshova, leader of the Faculty's Youth Union H.Tozhibaev the sports week "Dean's Cup" among 1st-year students has started under the motto "Sport is essential for health".

Today is the first day of the sports week. 1st-year students competed in football teams. In these competitions, the students of group 5 took an honorable first place, the second place - the students of group 9, the third place - by the students of group 6. Thanks to all participants. We can say that these competitions were the opening of the Sports Week at the faculty. Competitions in other sports will be organized throughout the week.
