

Cooperation to improve the quality of education

In order to ensure the implementation of the tasks set out in the video conference of the President of the Republic of Uzbekistan on October 30, 2020, as well as the Decree of the President "On measures to develop education and science in the new period of development of Uzbekistan" and "On additional measures to further improve the education system" Tashkent Institute of Irrigation and Agricultural Mechanization Engineers is working with school No. 51 in Ortachirchik district of Tashkent region to improve the quality of education. In particular, the Faculty "Mechanization of Hydromeliorative works" is currently studying the educational process and current conditions at the school No. 51, diagnosing the knowledge and potential of science teachers and identifying existing problems, improving their skills and providing methodological assistance, as well as improving the quality of education. A roadmap and action plan were developed in collaboration with the school.
