

Visit to the Tashkent Polytechnic Museum

On February 18, 2020, the students of the 3rd course 302a group under the leadership of Associate Professor of "Electrotechnologies and operation of electrical equipment" U.Khaliqnazarov visited the Tashkent Polytechnic Museum. Students were fully acquainted with the organization and current state of the museum. After the independence of Uzbekistan, the automobile industry began its activity in 1996. Students got acquainted with the history of automobiles and their production, such as "UzDaewooAuto", "UzAuto Motors", "SamAuto" GM Uzbekistan. The students got acquainted with the Spark car designed by the students of TURIN POLYTECHNIC UNIVERSITY as electromobile, also 3D and 5D animations. Students were impressed with the cars and models in the museum and their interest in cars increased.
