

## Visit to State Museum of the History of Uzbekistan

New museums have emerged and some former museums have been reorganized in the years since independence, which reflect various fields of human knowledge and activity. The teaching staff and students of the Faculty of Energy Supply of Agriculture and Water Resources of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers visited the State Museum of the History of Uzbekistan. The State Museum of the History of Uzbekistan of the Academy of Sciences of the Republic of Uzbekistan is the largest and oldest scientific and educational institution in Central Asia with more than 120 years of history.

The museum also possesses rare archival materials, manuscripts, historical documents, photographs, etc., reflecting the most important stages in the history of the Uzbek people. Unique examples of sculpture, painting, ceramic, bronze casting, glass production, funeral cult provide an opportunity to evaluate the history of worldview ideas, religious and aesthetic representations of various periods.

O.Khabibullaev, Deputy Dean for Youth Affairs of the Faculty of Energy Supply in Agriculture and Water Resources
