

International Conferences in Geoinformatics to be held in 2020 at TIIAME

The International **GISCA 2020** Conference on Geoinformatics, which will be held at TIIAME on June **1-3 this year**, will be organized online. Details will be announced later. You can also get detailed information on the following official page of the conference: <https://gisca20.wordpress.com/>

Moreover, on **October 3-5**, 2020, TIIAME will host the GI 2020 International Joint Conference on Geoinformatics in conjunction with the InterCarto.InterGIS conference within the framework of the Erasmus + DSinGIS project. **Scientific articles for this conference are accepted until July 1 of this year.** Selected articles will be published in a scientific journal included in the **SCOPUS** database. More information about the GI 2020 conference can be found on its official website: <http://geo.amk.uni-obuda.hu/gi2020/>
