

## At the Master class

On February 18, 2020, at the initiative of the Faculty of Organization and Management of Water Resources on the 4th floor of the Institute's was organized a master class on Economy and econometric methods in education. Deputy Director of the International Institute of Economics and Finance Zamkov Oleg Olegovich made a report.

(Master class included modern methods of working with data (statistics, econometrics) and their use in analyzing economic and social processes. Computational methods were presented using modern computer programs and their results were analyzed).

The event was very exciting and the students got answers to all their questions. The event was attended by professors and students of the OMWR faculty and students of the International House Tashkent Academic Lyceum under TIIAME.

Head of the Press Service of the Institute R. Djumaniyazov
