

TED-ED IN INTERHOUSE

TED-ED IN INTERHOUSE

The long-awaited project of the International House-Tashkent Lyceum TED-Ed held on January 26, 2020. The event began after a video greeting in English. TED-Ed participants started their speeches in a good mood and had interesting conversations with the audience. After the performances of the first three participants, a small break announced. At the end of the event, the participants liked the speech. All participants awarded with valuable prizes from the SIETS and our lyceum. Thank you to everyone who came to support us!
