

## One step to become a student

On April 16, 2021, a group of teachers from the Shaykhantakhur District Vocational School in Tashkent and 35 students from the school visited the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers to conduct a marathon of "meet the students-youth" and "one step to become a student" events.

The main purpose of the event-marathon was to familiarize students with the life of a higher educational institution, the formation of their skills of professional orientation.

During the visit, students were introduced to the institute's academic buildings, information and resource center, the Abdullah Oripov Museum, the Abdullah Oripov Youth Park, sports halls, laboratory facilities of the institute and the conditions created for students. The visit was interesting and meaningful for the readers.
