

visit to the museum of the history of Uzbekistan

April 21, 2021 students of the 1st year of the 109th group of the Hydrology (hydrology of rivers and reservoirs) Faculty of Hydro amelioration under the guidance of the curator of the group G.Jumabaeva have visited the State Museum of the History of Uzbekistan. A person, who knows well the history and traditions of the ancestors, is able to draw conclusions from the past, confidently steps into the future. The main purpose of the visit - to acquaint students with the ancient history of our region, to show archeological sources reflecting the way of life of our ancestors in the past centuries, to get an idea of the origin of some of our traditions and customs. The peculiarity of the museum is that it provides detailed information not only about the past, but also about the changes and reforms taking place in our country today. This will help students gain a deeper understanding of the path of development, goals and objectives of the new Uzbekistan.
