

Awarding certificates to school graduates

On that day there was organized the ceremony of awarding certificates to graduates of secondary school N18 of Asaka makhalla of Mirzo-Ulugbek district. The event was also attended by the Deputy Dean for Youth Affairs of the Faculty Management of Land Resources H. Eshova, Head of the State Cadastre Department K. Rakhmonov. The event was opened by school director N. Begmanova. Science is a potential student, a bright fase of school, a teacher and support to the society. These days in our country we are working very hard to educate young people, which are capable to fast developments. It is clear that talent is only growing. The creation by the President of the Youth Union of Uzbekistan is a practical manifestation of a high level of trust, attention and care for youth. One of the main goals of the Youth Union is to educate boys and girls in the spirit of love for the Motherland, to kindle in them fiery enthusiasm, enthusiasm and talent.

At present out of the number of students that graduated from school with excellent grades, six gradutors have already entered prestigious universities in different countries without receiving certificates. One of them is a student of grade 11 "A" E. Umarova, at the University of Tennessee in the USA or "Memphis", a student of grade 11 "B" Z. Normatova at the University of Lyons in France and Belarusian State University of Informatics and Radioelectronics, student 11 "C" class Tigai Anastasia Valerievna at the Bucheon University of South Korea, 11 "A" student O. Erkabaeva at the Bucheon University of South Korea, 11 "A" student class A. Mukhamedzhanov at the University of Singapore, 11 "B".

Besides that S. Akhmedov entered to one of such universities as Westminster International University in Tashkent, where she should pay tuition fee, which is undoubtedly an achievement of modern youth. First, the role of teachers in educating responsible, patriotic youth, devoted to this noble idea and not indifferent to the fate and future of our country is great. Indeed, these days schoolchildren study in secondary schools. Education, respect and attention to teachers are growing. Strengthening the role of teachers in society, identifying talented students, directing them to a profession that they are interested in and which they dream about, has become an important task in the field of education. Teachers are satisfied with the achievements of their students.

Deputy Director for Spiritual and Educational Work N. Madaminova, Uzbek language teacher R. Alimbekova, biology teacher T. Grigorievna wished the students success in their further studies and work, a strong health and great success. Deputy Dean for Youth Affairs of the Faculty of Land Management H. Eshova and Head of the State Cadastre Department K. Rakhmonov, that participated in today's event, also wished the students good luck in their further studies and work. Some of the students are expected at Tashkent Institute of Irrigation and Agricultural Mechanization Engineers.

Information from the Deputy Dean for Youth Affairs of Management of Land Resources Faculty H. Yeshova.
