

Gifted students are always in the centre of attention

Definitely, no matter where and in what conditions can people be born, all of them will have intended goals and certain responsibilities for their future. In this sense, the participation of students in annual scientific competitions, State scholarships of the President of the Republic of Uzbekistan and other state scholarships, as well as prestigious competitions is one of the most serious steps for their future. Setting goals are really important in achieving positive results. The event was organized on the initiative of the Department "Scientific Research of Gifted Students" of the Faculty "Hydraulic Engineering" in order to illustrate the goals and opportunities of taking part in prestigious competitions, as well as winning and demonstrating their strengths on particular spheres.

The event provided information about the state scholarship of the President of the Republic of Uzbekistan, the procedure for obtaining state scholarships and participation in other prestigious competitions. In particular, Abdurakhmonov Ilkhomjon, a basic doctoral student of the institute, who received a state scholarship of the President of the Republic of Uzbekistan for a master, and a two-time scholarship of a state scholarship of the President of the Republic of Uzbekistan. The Leader of the primary organization of the Youth's Union Rasulov Davron and a number of talented students of the institute had a hot discussion on the same topic. The holder of the State Scholarship of the President of the Republic of Uzbekistan, Abdurakhmanov Ilkhomjon, talked a lot about how he achieved this prestigious achievement, how he searched information relating scholarships and shared his experience with all participants.

In addition, students were informed about the ongoing work on supporting gifted students, opportunities, prestigious competitions and a number of other necessary and interesting information relating creativeness. Students received answers to their questions and made suggestions for organizing different events in the future.
