

Visit of school graduates to our institute

On January 22, 2021, graduates of school No. 150 of Yunusabad district visited TIAME. Associate Professor of the Department of Geodesy and Geoinformatics O. Ruzikulova provided pupils with detailed information on all areas of education at the institute. She spoke about the activities of the faculties. The students visited the information resource center, learned about the process of using books, how to use the electronic library. Leading scientist of the republic in the field of cadastre associate professor K. Rakhmonov spoke about the ongoing reforms in this area. A.Khamraliev, a doctoral student of the institute, spoke about the importance of the direction "Geodesy and Geoinformatics" in the economy, about the role of international projects in training modern personnel (Tempus, Niropa, DisNGIS). Trainee-teacher N. Mirzhalolov informed the students about the Institute's website. Cooperation with the school will go on.
