

Sincere congratulations to Nargiza Kholikova

Surprisingly, it is important to note that Nargiza Abduvalievna occupies a special place at TIIAME among other teachers who consider the teaching profession as an honor and that's why she devoted her life to her profession. Today Nargiza Khalikova, associate professor of the Department of Operation and Repair of Machines, a high-qualified teacher, was awarded with the title of Honorary Professor of Turon Academy of Sciences.

Additionally, Nargiza Khalikova is also active and organized in public affair activities. She has a special role in the community for his humility, honesty, spiritual maturity and kindness towards his colleagues and the whole academic staff. This is the reason why we are proud of our colleague very much, which is known with her achievements in the field. We deply congratulate Nargiza Abduvalievna!
