

The role of upbringing in education

As a result of reforms carried out in higher educational institutions, Uzbekistan in recent years has become one of the developed countries of the world. Of course, training and education play a special role in this. In this regard, on October 22, the head of the Department of Geodesy and Geoinformatics R.Oimatov and the faculty visited the student dormitory of the faculty o

“Land management” and organized an event on the theme "The role of upbringing in education. The purpose of the event is to improve the quality of education through upbringing young people and training future professionals. Today, the development of training, education is the responsibility of everyone. During the event, teachers answered all students' questions. In the end, students expressed their gratitude to the organizers of the event.

Information from the teacher of the department “Geodesy and Geoinformatics” Utkir Islamov.
