

## Enjoyment of the competition

Tournaments of different shapes will inevitably serve a person's intellectual and physical well-being. On April 13, 2019 in the sports complex of the National University named after Mirzo Ulugbek the faculty and staff of the Center for retraining and advanced training of pedagogical and managerial staff of higher education institutions participated in the mini-football, volleyball , Table tennis, arm-wrestling and arranged sports competitions.

The team of professors and teachers of the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers participated in mini-football, arm-wrestling, table tennis competitions and won the first place in arm-wrestling. These competitions play a crucial role in building a healthy atmosphere among the centers, strengthening mutual understanding and interaction.
