

## the first step to specialization

Youth entrepreneurship is the future of the country. It is the young people who will have to solve urgent problems and determine what the world will be like tomorrow. Students of the 110th group of the "Hydrology of rivers and reservoirs" education direction of the Faculty of Hydromelioration got acquainted with the laboratory "Hydrology, Hydraulics" and with the model of Topalanga Reservoir (HPP), which is located in the hydro technical laboratory.
