

## Makhallas are real places for active life

Suprisingly, the traditions and customs of our people, such as kindness, patience and harmony , awareness of those, who needs support in organizing the weddings, celebrations, being not indifferent in good and bad situations have already formed in the neighborhood. In order to further develop the cooperation with Tashkent Institute of Irrigation and Agricultural Mechanization Engineers, the Faculty of Energy Supply for Agriculture and Water Management of Tashkent city, Mirzo-Ulugbek district, Mirzakalon Ismailiy makhalla, a meeting was held with the youth of makhalla.

The event was attended by the chairman of makhalla M. Khalimova, deputy chairman for women and social and spiritual issues F. Ikbolova, the chairman of council of elders R. Karimov, deputy dean for youth affairs of the faculty , Associate professor.O. Khabibullaev and Professor U. Kholiknazarov. The creation of a legal framework for the establishment of makhalla, its improvement in accordance with modern requirements has become an important factor in strengthening the status of this unique structure as an integral part of the political, economic and spiritual life of our society. Besides that taking part in the nominations "Enlightened woman" and "Intelligent girl" of administration of Mirzo Ulugbek D. Akhundzhanov, K. Nodirovs were awarded. Summerising, it is important to suggest that Makhallas are real places for active life in social and political spheres as well, where the best traditions and customs of our people, in particular kindness, mercy, the unity of the people are clearly reflected in the life of the mahalla.
