

Mini-football tournament in memory of honoured teacher

Life is going. The work done for the common good, science and education will never stop. It is natural that the conscientious merits of the former rector will be remembered by the public with special respect. The staff of our institute is well aware that Professor Uktam Pardaevich Umurzakov paid as much attention to the mental abilities of a person as to his physical culture and sports. A tournament dedicated to his memory and it was held in the sports complex, organized on the initiative of mini-football coach. It was attended by the teaching staff of the institute, relatives, children and grandchildren of the teacher's family. The most interesting and important thing there were two teams, team named "Umurzakov", which consisted of teachers grandchildren, and "Irrigator" group of our institute competed with each other.

Before the start of the game, the acting rector of the institute, Professor Mirzaev Bakhadir Suyunovich spoke about the role of teachers in the activities of our educational sphere of institution and the organization in creating games in sports field. He then started a football show, expressing gratitude to the teacher's relatives and friends for their visits. The game turned out to be very interesting. As a result, team "Umurzakov" won 7 to 5 due to the skills, unity and left-handedness. The teacher's grandchildren Samir, Davron and Temurmaliq attracted everyone's attention with their courage. They received a trophy and a number of gifts prepared by the administration of the institute. Here are the names of two teams that played on the football field during the competition and the winners of the nominations.
