

The winners of the Olympiad were awarded under the motto "Interesting and creative approach"

At the initiative of the director of the Bukhara branch of TIAME Sh.J. Imamov, in February-March, were held the 3-stage of Physics and Mathematics Olympiads among students. 679 students in total participated in both subject Olympiads. The students who could reach the final and won were awarded a diploma and cash prizes by Sh.J.Imamov. Prospective scientists who actively participated in the Science Olympiad were awarded certificates of appreciation. The winners' teachers were praised. All branch members are pleased with such positive changes in the branch.
