

Theatre refreshes the soul

Students of the group 402 of water management and melioration specialty under the guidance of the curator, associate professor of the department of irrigation and melioration Adkham Mamataliev visited the State Theater of Satire of Uzbekistan in Tashkent.

Theater reflects the life of its society. Nothing and never can replace live theater. Theater forms intellectual and moral qualities, stimulates creativity, and promotes successful socialization. The first of five important initiatives put forward by the President of the Republic of Uzbekistan is aimed at increasing the interest and talents of young people in music, painting, literature, theater and other types of art, and realizing the talents of young people.

During their visit to the theater, students watched the play "Dumb Wife" ("Sokov Hotin") according to the script of the Honored Art Worker of Uzbekistan Rikhsivoi Mukhamedzhanov, directed by Munavvar Abdullaeva. The play serves to strengthen family foundations among young people, improve mutual understanding in young families. The topic raised by the author of the play, Rikhsivoi Mukhamedzhanov, is very important and actual. The point is that women who talks a lot should think about whether this is necessary, isn't it better to listen to each other in family relationships. Only in that case couples can come to true happiness.
