

## The winners of the 1st stage of the Republican Science Olympiad were awarded

The head of "Irrigation and Melioration" department and professors awarded students with 1-2-3 places in the 1st stage of the Republican Science Olympiad in "Irrigation and Melioration" and "Agricultural Hydraulic Melioration". The head of the department prof. I.A Begmatov delivered a speech and congratulated the students on their current achievements. He wished the students good luck in every endeavor and to become mature professionals in the future. Professor S.X Isaev congratulated the students on their high achievements. He wish the students to strengthen their knowledge, to be progressive in all areas and to achieve higher results. We wish our talented students to take the honorable 1st place in the 2nd stage of the Republican Science Olympiad.
