

## Master classes for the development of science and education

The President of the Republic of Uzbekistan in his message made a special emphasis on the importance of scientific and technological development. The great thinkers of the East said: "The greatest wealth is intelligence and science, the greatest inheritance is a good education, the greatest poverty is lack of knowledge."

Master classes are organized by the teaching staff. On May 24, 2021 the head of the department of hydraulics and hydroinformatics, Ph.D., professor A. Arifzhanov organized a master class for the teaching staff, doctoral students, undergraduates and students of Tashkent State Transport University on "Special issues of hydraulics".
