

## A world-famous figure

From the very first days of our independence, great attention has been paid to the restoration of the enormous, invaluable spiritual and cultural heritage created by our ancestors. The people of Uzbekistan have the opportunity to restore their history, to unfounded names, to the historical figures who have played an important role in world development. Amir Temur, a well-known commander and politician, reformer, trader, craftsman, science and culture sponsor, was one of those people. Dean of the faculty "Land management" Sh.Narbaev and deputy dean on youth affairs Khurriyat Eshova organized an event at the 4th dormitory dedicated to the birthday of the great commander today.

The event was attended by Doctor of Historical Sciences, Professor Sh.Uljaeva and Associate Professor G.Hudoyberdieva, "The pride of our nation, the great nation, the past of our Motherland, the way of life of the great Amir Temur," was presented by his lectures. In their speech, Amir Temur founded the centralized state, strengthened its strength and developed its fame throughout the world. He united nations and nations as the ruler of the great reign.

During his time, science, architecture, fine arts, music and poetry rose to the top. In one word, it was founded in the time of Temurids. This historic fact always made our country's first President, Islam Abduganievich Karimov, so a new idea was revealed. It was the idea of the great grandfather of our great ancestor on the land of his native land. Therefore, by the decree of the first President, the year 1996 was declared the year of Amir Temur, and it was reported that the 660th anniversary was widely celebrated in our republic. The event was full of vigorous discussions, and teachers and students actively participated. In addition to the information provided by the students in their lectures, the students provided information on the life of Amir Temur and his clay battles to the students. After that Kh. Eshova completed the event, expressing gratitude to all participants of the event.

**Report by Kh.Eshova**
