

## Digital process and new opportunities

It is no secret that the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers has launched a new vibrant process in line with the New Uzbekistan. The opening of the first exhibition hall and laboratory can be a testament to this.

First of all, there was opened "Smart Agriculture and Water Management" showroom, organized under the auspices of Huawei Tech Investment Tashkent, one of our reliable partners of our institute. The event was lead by the First Vice-Rector of the Institute Mirzaev Bahodir Suyunovich. Liu Xiaxin, Director of Huawei Tech Investment Tashkent, Shuhrat Suyunov, First Deputy Minister of Higher and Secondary Specialized Education and Spokesman for the Minister of Water Resources of the Republic of Uzbekistan took part in the meeting. This modern showroom is equipped with Smart Agriculture and Water Digitization Technology, which was introduced in Uzbekistan and actively used on the most advanced farms in China. The showroom serves to ensure the effectiveness, accuracy and reliability of projects through the creation of new scientific developments, popularization of scientific activities related to the digitalization of the industry among young people and the development of analytical thinking skills.

The second and third events continued with the official opening of the Laboratory of Fuels and Lubricants in cooperation with "PETRO TEST AUTO" LLC and a special audience in cooperation with the State Inspection of Agroindustrial Control under the Cabinet of Ministers of the Republic of Uzbekistan. First Deputy Chairman of the Inspectorate for Quality Control of Education under the Ministry of Education of the Republic of Uzbekistan Hotamzhon Ketmonov, First Deputy Minister of Investments and Foreign Trade Voitov Aziz Botirovich, Deputy Head of Agricultural Inspection Ashraf Gaforov expressed their opinion.

The second and third events continued with the official opening of the Laboratory of Fuels and Lubricants in cooperation with "PETRO TEST AUTO" LLC and a special audience in cooperation with the State Inspection of Agroindustrial Control under the Cabinet of Ministers of the Republic of Uzbekistan. First Deputy Chairman of the Inspectorate for Quality Control of Education under the Ministry of Education of the Republic of Uzbekistan Hotamzhon Ketmonov, First Deputy Minister of Investments and Foreign Trade Voitov Aziz Botirovich, Deputy Head of Agricultural Inspection Ashraf Gaforov expressed their opinion.

Order of the President of the Republic of Uzbekistan dated July 31, 2019 PQ-4410 "On measures to accelerate the development of agricultural machinery, state support of the agricultural sector with agricultural machinery" Based on the tasks set in the decree No. UzKlassAgro, a branch was created and a special classroom was created. Students study here one day a week under the 5 + 1 program. Also, cooperation has been established with foreign manufacturers of modern agricultural machinery Case, John Deere, Rostselmash, which is used in the agriculture of our country. Special attention was paid to the quality of the educational process, and special audiences of these enterprises were organized at our institute.

The event will discuss advanced technologies and methods introduced in the field of higher education and their effectiveness, identify current challenges and joint work, we can say that it has shown its uniqueness.
