

Consulting services for developing training materials of the course “Unmanned aerial vehicles and global positioning systems” of undergraduate major (Request of Expressions of Interest)

Consulting services for developing training materials of the course “Unmanned aerial vehicles and global positioning systems” of undergraduate major (Request of Expressions of Interest)

Institution/Company: Tashkent Institute of Irrigation and Agricultural Mechanization Engineers (TIAME)

Project title: Enhancement of agricultural engineering programs by using innovative techniques employed in foreign universities

Project ID: AIF 2/16

CONSULTING SERVICES FOR DEVELOPING TRAINING MATERIALS

The TIAME received the grant “Enhancement of agricultural engineering programs by using innovative techniques employed in foreign universities” from the World Bank-financed Academic Innovation Fund of Modernizing Higher Education Project and intends to use part of the funds for consultant services.

The consultant's services include developing training materials for the course “Unmanned aerial vehicles and global positioning systems” of the majors “Agricultural mechanization” and “Application innovative techniques and technologies in agriculture”. Work on developing training materials should be carried out from 11.01.2021 to 5.03.2021.

The TIAME invites consultants/companies to indicate their interest in providing the services. Training materials should include but not be limited to the following:

- standard and work program of the course, calendar plan
- collection/course of lectures
- guidelines or recommendations for practical training and laboratory classes
- guidelines or recommendations for independent study
- presentations on the topics of the lecture
- quizzes to test students’ knowledge

A consultant will be selected in accordance with the procedures set out in the World Bank’s Guidelines: Selection and Employment of Consultants by World Bank Borrowers (current edition).

Candidates or organizations interested in developing training materials must deliver their offers (set of documents) to the project office in a sealed envelope by January 9, 2021. The package of documents should include content of lectures, practical and lab classes, brief plan of planned work and budget, information about the candidate or organization (passport data or Charter, CV, copies of diplomas, certificates and other documents).

Interested candidates may obtain further information by e-mail or phone provided below.
