

Respect to the Teacher

There is a saying in our nation that "A Teacher is as great as your father". On April 2 of the current year on the occasion of the birthday of the senior teacher of the department of "Geodesy and Geoinformatics", Rajapboyev Maksud, who has prepared many thousands of students for the national economy of our Republic, on behalf of the rector of the Institute, the dean of our faculty and students congratulated him. May the teacher live longer and never get tired to teach the students.

Report by U.Islomov, a teacher of the department of "Geodesy and Geoinformatics"

R.Jumaniyozov, the press secretary of the institute
