

## Congratulations

It is known that one of the biggest surahs of the Holy Qur'an is called "Nisa", which means "Women". In this surah, Allah calls people to treat women fairly, and there is a deep wisdom behind these divine words. Because it is impossible to imagine life in our society without women. Today, the attention to women in our country is increasing in all directions.

In particular, Kholikova Nargiza Abduvalievna, who works in the education system and is celebrating her birthday today, is one of our dedicated women who has dedicated her experience to the education of young people. Dear Nargiza Abduvalievna, happy birthday.
