

Congratulations to noble Teachers!

There are many important professions in the world, but two of them play a crucial role in everyone's life. One is a doctor and the other is teacher. As long as we live, it would be hard to imagine our life and health without them. This profession never loses its value, significance and respect. In connection with the "1st-October Teachers and Trainers Day" Shavkat Khamroev, the Minister of Water Resources of the Republic of Uzbekistan awarded a special diploma to Inamov Aziz Nizamovich, associate professor of the Department of Geodesy and Geoinformatics. We would like to take this opportunity to sincerely congratulate our esteemed colleagues on professional holiday and wish you splendid health, endless happiness and peace!
