

Cooperation between TIIAME and "Technopark" LLC is in progress

"TECHNOPARK" LLC was established on June 10, 2019, on the territory of the former TAPOICH, and today "TECHNOPARK" LLC manages manufacturing enterprises for the production of import-substituting industrial products and household appliances. "Technopark" LLC is a group of enterprises focused on the practical implementation of the instructions of President Shavkat Mirziyoyev to create high-tech, competitive, export-oriented and import-substituting industries in the country.

Currently, 12 plants have been commissioned on the territory of "Technopark" LLC. In addition, by the end of 2021, it is planned to launch several more large investment projects aimed at organizing the production of import-substituting and export-oriented products. It is planned to create about 10 thousand workplaces.

By combining 16 production facilities, as well as a logistics center, "Technopark" LLC will become the most advanced and promising complex in the Central Asia region for the production of a wide range of industrial, technical, electronic, construction, and household products, focused on the domestic and export markets.
