

## My family is my pride

On March 31, 2021, the psychologist of the institute M.K. Mukhamedova organized an event for the girls of the Faculty of Land Management on the theme "The Role of Women in Strengthening the Family", aimed at strengthening family ties. The event was attended by the deputy dean of the faculty for youth affairs H. Eshova, teacher-educator A. Khayitova, a member of the women's council of the faculty of land management O. Ruzikulova and 1-3 year students of the faculty. It was noted that the family is the foundation of our society and state. All participants expressed their opinion about the role of women in the family and what qualities a woman should have in order to have a strong family. The organized event was interesting and informative.
