

Humanity and kindness

It is known to everyone that the kindness and spiritual generosity of our people, the manifestation of particular care and deep attention in the family, makhalla and society, the provision of gratuitous support to those people that need it very much, spiritual renewal and the performance of good deeds, which completely fulfill the policy measures that are being carried out in these spheres of our country are becoming more and more vividly manifested.

Surprisingly, the students of 111-112 groups, the Faculty of Energy Supply for Agriculture and Water Resources of the TIAME visited the Orphanage № 23 in Yunusabad district. The children felt very happy from the organized event as the positive atmosphere could raise their mood. Our students distributed different gifts to the children as a memory from TIAME learners.
