

Cooperation with International organizations

Working closely with the international organizations of the students of our country to get acquainted with the agricultural techniques of young people in the educational process and employment of graduates. On January 29, 2014, the heads and members of the joint venture JV "LANDTECH" of American John Deere Company in Uzbekistan were invited to our institute. The meeting was arranged with professors and teachers of the faculty "Mechanization of agriculture". The guest staff held a roundtable with the students about the company's operation and employment. The event was attended by the responsible representative of John Deere in Uzbekistan, Nil Kensi and Botir Isroilov, the head of the joint venture of LANDTECH LLC, as a guest and answered the questions of professors and teachers of the faculty "Mechanization of agriculture". At the end of the event, a memorandum of cooperation was signed between the management of the institute and the joint venture of LANDTECH LLC.
