

## Honored visit

Students and masters of Kursk Agricultural Academy of the Russian Federation visited our institute on January 30 this year. They were acquainted with the Institute of Agriculture "Mechanization of Agriculture" and its educational laboratories and its educational process.

Then there was an intensive round table discussion with students and faculty members of the Russian group studying at the faculty "Mechanization of agriculture" at V Campus 205th meeting room.

Deputy Dean on spiritual and educational affairs of "Agriculture mechanization" faculty I. Rakhimov

The press secretary of the Institute, Rakhimboy Jumaniyazov
