

Health is the wealth of a nation

Human health, first of all, is important for himself. On October 4, 2019, a general meeting was held with the specialist of the Tashkent city center of reproductive health M.Azimova on the topic "The concept of reproductive health. Healthy lifestyle". The meeting was attended by students and teachers of the faculties of agricultural mechanization, mechanization of hydromeliorative works, hydrotechnical construction, energy supply of agriculture and water resources, organization and management of water resources. The meeting was very informative. Girls took an active part: they asked questions and received the answers.
