

Professional orientation is a step into the future!

October 4, 2019 at 10.00 in the lecture hall of TIAME for 3-4 year students of the Ecology and Environmental Protection of the Faculty of Organization and Management of Water Resources with the participation of the Deputy of the Tashkent City Department of Ecology and Environmental Protection Azizjon Kalimbetov, State Inspector Mahmudbek Zainutdinov, Head of the Department of personell Barno Ergasheva, organized a round table on the topic "Vocational Guidance - Industry Changes and Reforms". The event was held by the associate professor of the institute Rakhimba Dzhumaniyazov.

During the round table, experts spoke about the reforms of recent years in the field of ecology and environmental protection, the adopted laws and regulations, the role of the industry in human life and society, as well as about the problems of the relationship between man and nature. Man and nature are inseparable. Demand for professional ecologists is increasing; requirements for them are increasing. Specialists gave advice to young ecologists on improving their professional experience, expanding professional knowledge and skills, as well as providing recommendations on the employment of graduates. The discussion turned out to be constructive and very intense.
