

International Summer School Results

International Summer School (Summer School 2019), which was launched on 29th of April, 2019 in Tashkent Institute of Irrigation and Agricultural Mechanization Engineers ended. All participants, international guests, organizers, and staff of the Institute were awarded with memorable gifts and certificates (International Summer School Sustainability Assessment for the Central Asia) all conditions have been created.

Result: Visit international Higher Education Institutions, guest lecturers, faculty members, exchange experiences and learn about the conditions in their higher education institutions. From the scientific point of view, the global and national challenges facing today, their solutions, analyzes, controversial questions have been raised, presentations and comments have been heard.

Experienced actors, professors and lecturers have participated in presentations on the topic, while speaking in foreign languages, theoretical knowledge has been strengthened. Classes were divided into groups, training sessions were carried out, classes were held with familiarization with subject matter.

Sports events, excursions and cultural events were organized. Importantly, our international guests, who have come to our office, have a good relationship with our students, and we can not be mistaken. We would like to thank the Committee of the Institute for the Management of the Institute, which has created the conditions for everyone who contributed to the establishment and the successful completion of this Summer School - 2019.

Akmal Berdimurodov, the leader of the primary organization of the Institute of Youth

The press secretary of the Institute, Rakhimboy Jumaniyazov
