

One day in Industry (5+1)

Cooperation is well established between the State Committee of the Republic of Uzbekistan on Ecology and Environmental Protection and the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers. The Department of Ecology and Management of Water Resources and at the Specialized Analytical Control Center is functioning the branch of the department. To the 4th year students of the Institute's "Ecology and Environmental Protection" direction provided practical lessons. The leading specialists of the branch will conduct training on the subject "Environmental Impact Assessment" and "Sewerage and Wastewater Treatment" 3 times a week.
