

Fighting youth crime

On December 6, 2019 in the 8th hall, the students of the 2nd, 3rd and 4th course students of the department of Electrification and Automation of Agriculture in cooperation with the teaching staff of the department of Electrical Technology and Electrical Equipment and the Special Operations Coordination department of the of the Ministry of Internal Affairs of the Republic of Uzbekistan Lieutenant colonel Olimjon Tursunboevich Akhmedov, Maj. Yigitali Shokirovich Eshmirzaev and captain Sobirjon Sadykov Kodirov attended the lectures and videos.

Colonel O. Akhmedov serves students as a model for Central Asia and other countries in Uzbekistan's anti-terrorism efforts, and the Uzbek model focuses on the "heart and mind" of the people, especially the youth, through respect for the law and spiritual and religious education. Major Y. Eshmirzaev said that we are constantly working on the social rehabilitation of those who have exposed to extremist ideas and who have come to realize their mistake, and have shown them the video footage they brought. The lecture was rich and interesting.
